

A15s

Passive single 15" subwoofer, 700W

Key Features:

- AudioLotus Signature tone
- Complete wooden construction for superior tonal performance
- Compact and super optimized ported enclosure
- Install grade
- 15" extended LF sub bass driver
- 700W_{AES}/900W_{PK}
- Textured duracrylic finish (custom colors available)
- C G optimized geometrical construction
- FEA optimized box design
- C G optimised top hat positioning

Overview:

The A15s is a single 15" bass reflex sub bass loudspeaker with an exclusive 4" voice coil.

Designed for use in nightclubs, mobile DJ events, lounge bars, and houses of worship, it employs a high power long excursion 15" driver capable of delivering high levels of bass and sub bass frequencies.

The A15s sub bass loudspeaker is compact, tonally accurate and recommended for use with the A8's, in the ratio 2 tops to every sub and A112's in the ratio 1 top to every sub

Optional accessories⁺

- A12s/SJ splash proof jackets⁺
- Pole mount

Applications:

- FOH/Zonefill sub for Bar/Club/Lounges
- FOH/Zonefill sub for Fitness/Dance studios
- Casual / fine dining Restaurants
